Learn more about bringing Personal Videoconferencing to your organization.

An independent not-for-profit organization, OTN is funded by the Government of Ontario.

OTN is a ‘Privacy by Design’ (PBD) organization with the Office of the Information and Privacy Commissioner of Ontario.

personal videoconferencing

Be everywhere, from anywhere.
OUR SOLUTION:
A web-based telemedicine service that complements existing room-based systems.

Access a whole new level of efficiency, efficacy and affordability.
YOUR CHALLENGE:
Delivering quality health care to more people while decreasing costs.
Wherever high-speed internet is available, Personal Videoconferencing can put you where you need to be easily, reliably and affordably – helping you and your team to:

1. Cost-effectively extend services to more people within your community, as well as to residents in rural and remote areas of the province.
2. Simplify resource allocation and scheduling.
3. Make collaboration and learning more convenient and accessible than ever.
4. Conduct follow-up visits while leaving room-based resources available for patients and learning events.
5. Reduce equipment, upkeep and warranty costs associated with room-based systems.

It requires very little to get started:
- Computer and HD webcam
- Headset or speakerphone
- High-speed Internet connection

Be everywhere, from anywhere.
MAKE IT WORK FOR EVERYONE.
Designate a Virtual Care Lead.

IN ORDER TO MAXIMIZE THE BENEFITS OF PERSONAL VIDEOCONFERENCING, WE RECOMMEND DESIGNATING SOMEONE IN YOUR ORGANIZATION TO ORGANIZE, SCHEDULE AND FACILITATE:

MEETINGS - with IT, physicians, nurses and Telemedicine Coordinators to understand your goals and help develop your program strategy.

DEMONSTRATIONS - that show the mobility and flexibility of Personal Videoconferencing.

TECHNICAL READINESS CONSULTATIONS - with OTN and your own IT team.

ONLINE TRAINING - to teach health care providers how to transform their practices.

OTN is working in partnership with initiatives such as Connecting GTA and Health Links to increase collaboration in health care.
Taking health care where it needs to go.

As a world leader in telemedicine, OTN is helping Ontario transform its healthcare system. Through our commitment to eliminating the barriers of time and distance we are enabling access to quality health care for more individuals - where and when they need it - in ways that are ever more convenient, efficient and cost-effective.
