Last Updated: June 2018

ONTARIO TELEMEDICINE NETWORK AND THE OTNHUB

1. An independent, not-for-profit organization funded by the Government of Ontario, OTN is a world leader in telemedicine, helping Ontarians get more out of the health care system by bridging the distance of time and geography to bring more patients the care they need, where and when they need it. Using innovative technology, OTN streamlines the healthcare process, while expanding the way members of the health care community share knowledge and interact with each other and patients. OTNhub.ca is a private and secure online platform and website (referred to as both the "OTNhub" and the "Site" in this Agreement) through which practitioners may access OTN's products and services and information about telemedicine. The OTNhub may be used to provide patient care, conduct educational events, and for administrative purposes.
2. This Agreement governs the use of the OTNhub and the relationship between users of the OTNhub ("User", "you", "your", and a "Party") and OTN ("OTN" and a "Party") (collectively, the "Parties").

1. The terms and conditions in the User Agreement constitute a binding agreement between you and OTN, which agreement includes any other materials incorporated by reference into the User Agreement (including, but not limited to the OTN Privacy Statement). If there is any inconsistency between the main body of the User Agreement and any other materials incorporated by reference, the main body of the User Agreement will prevail. By accessing the OTNhub, including without limitation for the purpose of viewing or downloading messages, information, data, text, software, images, or other content (collectively the "Content"), as permitted under the User Agreement, or to use OTN Services, you are accepting and agreeing to comply with the User Agreement. If you do not agree to abide by any of the terms and conditions of the User Agreement, you must immediately discontinue any use of the OTNhub.

3. If for any reason a court of competent jurisdiction finds any provision (or portion thereof) of this User Agreement to be unenforceable, that provision shall be enforced to the maximum extent permissible, and the remainder of the terms and conditions shall continue in full force and effect. OTN's failure to insist upon or enforce strict performance of any provision of this User Agreement is not to be construed as a waiver of any such provision or right. If you violate any term within this User Agreement, your permission to use the OTNhub and/ or the Content will be terminated.
4. The OTNhub, the OTN Services and Content are controlled, operated and/or administered by OTN from its offices within the Province of Ontario, Canada. By accessing the OTNhub, you agree that all matters relating to the access and use of the OTNhub and/or OTN Services shall be governed by the laws of the Province of Ontario

and the applicable federal laws of Canada, without reference to its conflict of laws principles, and that you will comply with all such applicable laws. All disputes or claims in connection with the OTNhub shall be subject to the jurisdiction of the Courts of the Province of Ontario. By using the OTNhub or OTN Services, you submit to the exclusive jurisdiction of the courts of the Province of Ontario to determine any action or proceeding in connection with the OTNhub.

Changes to the User Agreement

If any term, condition or any change to the User Agreement is not acceptable to you, you must discontinue your use of the OTNhub immediately. Your continued use of the OTNhub after any change is made to the User Agreement will constitute your acceptance of the revised User Agreement. In the event there are substantial changes to the User Agreement, OTN will notify you, by email alert, a pop-up notification upon sign-in, or another method, as OTN deems appropriate.
