

otn. Webconferencing

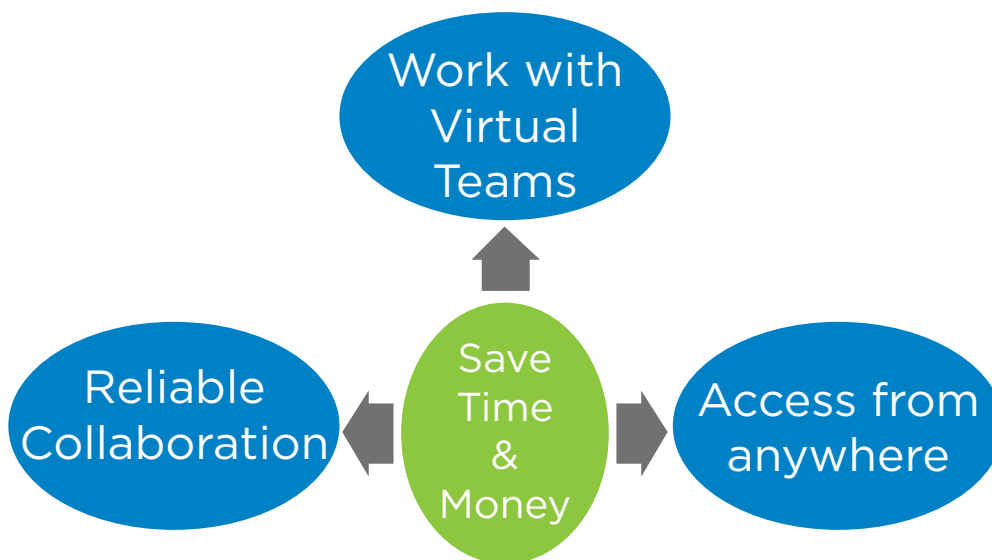

Use webconferencing to educate and hold meetings

Reduce your travel and conference costs by holding your education events and meetings using OTN Webconferencing. Setting up an education event or a meeting is as easy as opening a web browser and emailing a link; no scheduling necessary.

Benefits of using OTN Webconferencing

- Interactive tools (chat, polling, webcam video and audio)
- Up to 100 concurrent participants

Host licenses are available for a yearly fee. To get started with OTN Webconferencing, call 1-866-454-6861 or email us at information@otn.ca.

Member Feedback

"Love the ease of connection and the reliability."

"It makes working with people on virtual teams much easier and cuts down on the cost and wasted time of traveling long distances."

About OTN

As the world leader in telemedicine, we are helping Ontario get more out of the healthcare system, bringing more patients the care they need, where and when they need it. OTN is an independent, not-for-profit organization funded by the Government of Ontario.

Healthcare working smarter
